Spindrop

The Libre Spindrop is an airdrop of tokens randomly decided by spinning a wheel. Good luck!

10,000,000 LIBRE has been allocated to be claimed via a broad-based airdrop. As of Oct 27, 2022 - only 110,000 LIBRE have been claimed.

The airdrop is available to qualified accounts on Solana, Ethereum, Proton, EOS, Telos, and WAX.

Near the end of the Mint Rush, on Dec 13, any unclaimed coins will sent to the Libre DAO.

Until then, you can view the unclaimed coins here:
